Preference for Eliminated Horses (LAC 35:V.6336)

In accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., and through the authority granted in R.S. 4:148, notice is hereby given that the Racing Commission formally amends LAC 35:V.6336. Currently in an overfilled race, a single entry (where a trainer has one horse entered) has preference over a double entry (where a single trainer has entered two horses with different owners). The proposed Rule amendment removes this preference and treats single entries and double entries equal in overfilled races.

§6336. Preference for Eliminated Horses

A. Should two horses which are owned separately, but trained by the same trainer, be entered in any race, causing an excess of the number of horses which may, because of track limitation, be permitted to start, the horses to start shall be determined and selected by lot from all of the horses entered. Those entries which are eliminated shall receive a preference as provided in these rules.
